To Whom It May Concern:

The Certificate of Correction issued on July 11, 2006, issued in error, in that error(s) was made in identifying the patent number and/or keying text/corrections, i.e.:

The issued cofc substituted drawings in the printed patent with the formal drawings approved by the examiner. The FIGS and Drawings sheets in the issued cofc do not correspond to the FIGS and Drawings in the issued patent. There are 16 drawing sheets in the printed patent but the certificate of correction only shows 14 drawing sheets.
